Total Track  
Management

## Total Track Management

L.B. Foster has a long, proud history as a distributor of quality infrastructure products. Today, we are a leading, one-source supplier and manufacturer of railroad products for mainline, transit, mining, port and industrial rail systems worldwide. Our experienced professional team can also provide the management services necessary to specify the most innovative rail materials for your project and deliver them to your jobsite on time.

### **NEW AND RELAY RAIL**

L.B. Foster is the market leader in the distribution of new rail throughout North America. We can supply new rail, relay rail (used), track maintenance parts and accessories. Sourced from several major U.S. mills, L.B. Foster provides rail sections from 12 LB to 175 LB, typically in lengths of 39 FT, 40 FT, 78 FT and 80 FT, depending on the rail section weight. We also offer continuous welded rail (CWR) delivered to the jobsite on our own trains and with unloading services.

### **INSULATED RAIL JOINTS**

Allegheny Rail Products designs, manufactures and supplies insulated rail joints and associated products for domestic and international railway applications, including our ultra long life aramid insulated ENDURA-JOINT®, and the polyencapsulated insulated TOUGHCOAT® joint. L.B. Foster's ISO certified facilities in Pueblo, Colorado and Niles, Ohio also produce complete joint assemblies and bonded insulated joint kits that are designed for field installation.

### **TRANSIT PRODUCTS**

Our Transit Products group provides heavy, commuter and light rail systems with direct fixation fasteners, contact rail, coverboards, concrete insets, end approaches, ballast mats and other related products. Engineering and product testing services are also available from the L.B. Foster advanced testing facilities in Suwanee, Georgia.

### **CXT® CONCRETE TIES**

L.B. Foster offers a complete line of CXT concrete railroad ties. Our catalog of concrete ties includes standard track, turnout, gantry and specialty ties, such as guard rail, restraining rail and grade crossing ties. All CXT concrete ties are designed in accordance with AREMA specifications and can be customized to meet customer requirements.

### **TRACK ACCESSORIES**

L.B. Foster offers a full line of track components that includes our Improved Fair and EXi rail anchors, track spikes, retractable rail anchors, and other threaded track fasteners.

L.B. Foster designs and develops laboratory proven and field validated products that offer unique advantages to trackwork engineers and maintenance personnel.
